

THE ANCHOR

1975

Manchester Jr. Sr. High School
Manchester-by-the-Sea

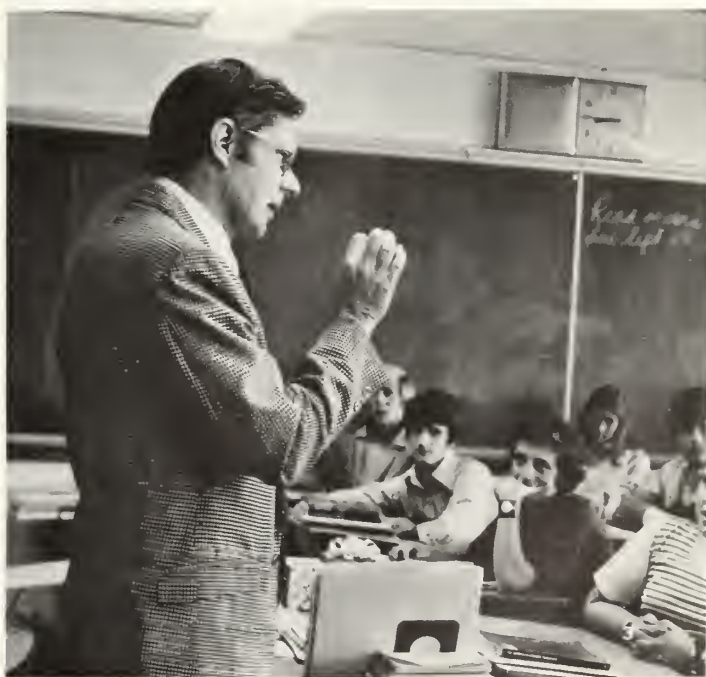

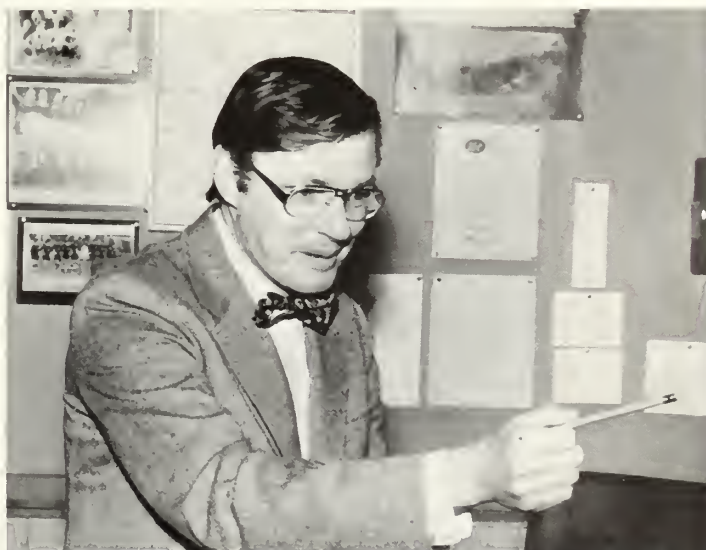

The Class of 1975 respectfully dedicates the 1975 Anchor to our principal, Sir Richard Howland, protector of our own Kingdom of Camelot, which is in reality, Manchester Junior-Senior High School, Manchester-by-the-sea.

Principal Richard Howland joined forces with the Class of 1975 in September of 1969, when our class members were seventh graders. He directed and guided us with strength and understanding throughout our years in Manchester Junior-Senior High School.

We, the members of the graduating class, are extremely grateful to Mr. Howland for "Keeping it green" and for caring.

Here it is! Seven dollars worth of pictures, copy, and ads. We hope you will enjoy the "75" Anchor, because we've worked hard at it. The first thing you will notice about this year's book, is that we have added 32 extra pages. Also, for the first time, a color spread has been added to the Senior Section. We are expanding our policy of equal representation to all of the classes. Through new sales techniques, we have increased subscriptions by 50%. Sit back and relax. The next hour will be pure Utopia. It has been an exciting year for Hornet-High, and the Anchor Staff alike. We hope to have conveyed the spirit that has dominated our school for the last four years — THE SPIRIT OF "75"!

THE WIZARDS

OF ~

Dear Graduates,

Robert Frost, American poet laureate and former teacher, once described education as, "hanging around until you've caught on." The Senior Class of 1975 has "caught on" and will now seek new fields to conquer.

In retrospect, your enthusiastic interest and eager participation in extracurricular activities has effected notable improvement in all aspects of your academic life. As one invariably senses a shift in the wind's direction, so too have I felt the tides of student apathy and rebellion change to spirited concern. Each of you, undoubtedly, shares my extreme gratitude to the citizens of Manchester for the ultimate realization and opportunity to use the expanded and improved educational and athletic facilities at Manchester Junior-Senior High School.

Presently, the combined efforts of students, parents, teachers and administrators are being expended to improve and increase the variety of curriculum programs for those who will follow you. In spite of the many frustrations expressed over the implementation of the special education law under Chapter 766, the immediate advantages, as well as countless benefits to be gained, will have a tremendous impact upon the quality of education for all students.

I need no crystal ball to project a promising outlook for the future. Plans are already on the drawing board for a regional vocational school in this area. The recent strong vote of your parents and neighbors is evidence of their solid support. Equally bright on the horizon is the development of career education at the secondary level, in order to provide greater employment potential after graduation.

In summation, much has been invested in your twelve years of school — guard it well. As Benjamin Franklin so appropriately penned, "An investment in knowledge pays the best interest."

The main emphasis of the Mathematics Department during the past few years has been in the expansion of the number and variety of courses and related activities.

Students who wish to prepare for a career in the trades and similar fields can begin a 4-year program in grade 9. Throughout the program attention will be paid to remedial mathematics to mathematical skills pertinent to specific jobs and to surveys of the

business world and other areas, occupational and avocational.

For those planning to enter college, two levels of college preparatory mathematics are available, and these can be technically developed into three distinct preparations for college mathematics training, college training in two year school. The junior year Analysis Course has developed to the point where the investigations into Vector Analysis and Analysis Geometry are particularly strong. This course is followed by an Advanced Placement Calculus Course, closely tied to the PSSA Physics course. This was made possible with the introduction of a more General Physics course a few years ago.

The Science Dept.

Fourteen different high school level science courses were offered this year; ten by the full-time staff, Mrs. Coleman, Mr. Ryan, and Mr. Costello, and three more with the additional help of Mr. Tozier, Mr. Nalley, Mr. Schlegel and Dr. Pollock. No new courses were added, for it appears offerings meet the needs and interests of our students.

Although only two years of science are required for graduation, over ninety percent of our high school students elected two semesters of science this year, many taking two courses simultaneously.

About half the enrollment is in the biological division with many freshmen taking advantage of our new course selection rulings by electing first-year Biology. Upper-Classmen have shown continued interest in the more advanced courses such as Microbiology, Anatomy and Physiology, and Senior-Year Advanced Biology.

The Earth-Ocean-Environmental Sciences rank second in popularity, followed by Chemistry and Physics. Our Physics enrollment this year is the highest ever.

Suggestions for new courses are most welcome at any time and every effort will be made to accommodate the changing needs of the student body, subject to teacher availability, and budgetary allowances.

Since the present wonderful class of 1975 arrived here from the sixth grade, a total revamping of the Foreign Language program has taken place, and a new language laboratory has been added. A fifth year of French and all four years of Spanish have been added to our departmental course offerings. Mrs. Flanagan and Mrs. Steiner have arrived too, to make all this go well.

Under the Expanded Curriculum Program, two years of German and two years of Latin have been initiated.

And who has watched and encouraged all these developments? The present great senior class, of Course! That's who!

For the English department at Manchester Junior-Senior High School, the 1970's are years of change. The introduction of optional electives in the junior and senior years, the strengthening of the junior high school curriculum, and a re-examination of the objectives of grades nine and ten reflect this atmosphere of change.

In spite of this strong drive for re-examination and revision, however, the objectives of the department remain substantially the same: to help students think, read, and write critically, and to provide an intelligent basis for future experiences with language and literature, regardless of the student's future aspirations.

The Social Studies Department has developed a curriculum to keep pace with the times. Within the total curriculum are courses or units covering every major area of the world and each of the social science disciplines.

Courses are structured to aid in the development of skills and information of the college-preparatory students at two levels. There are several courses offered for the needs of the general student also.

In the coming school year, the Social Studies Department will join with other departments to present an interdisciplinary program in Occupational Competence for ninth graders.

Industrial Arts like the class of 1975 is just beginning. We too are moving forward and hope to spread out over many areas. Many of you will pursue courses of instruction introduced to you through our overall program. We wish you well, and would appreciate any feedback for course improvement either now or in the future. Next year we start an occupational computer program that we hope will bring earlier and more informative selections for future educational or occupational pursuits.

The Business Education Department at Manchester High School comprises those aspects of business that are of concern to students in order to prepare them to live and work in our business-oriented society.

The course selections such as typing, shorthand, bookkeeping, office machines, and clerical procedures enable students not only to have employable and marketable skills, but these skills are valuable for personal use as well.

The new and spacious art room located in the new wing has brought many new Jr. and Sr. High students into the Art Program.

As two classes may be taught simultaneously, students are constantly being exposed to a variety of Arts and Crafts throughout the day.

Future plans in the Art Department will be to expand the curriculum into additional areas of Jewelry smithing and Photography. These two areas will provide our student body and community with a complete Art Program.

Music in the Manchester Jr.-Sr. High School, in recent years has become an increasingly important part of school life. The performing groups, in particular, have been much in evidence at concerts, assemblies, and athletic events.

Progress has been steady, and the music program hopefully will continue to grow to include more students, and to offer a wider selection of musical experiences.

Mr. Hyland is very proud of the Physical Education Department. He is especially pleased with his instructors who display many talents with the variety of activities that are offered.

This fall Miss Volchko and Miss Strazulla changed their schedules with Miss Strazulla spending five weeks with the High School and Miss Volchko going to Memorial School. This plan worked out very well and will be expanded with the other instructors.

The Physical Education Program offers skills and techniques in field hockey, flag football, tennis, archery, soccer, weight lifting, gymnastics, basketball, floor hockey, volleyball, kickball, golf, badminton and softball and fencing to their classes.

The Student Personnel Service Dept.

Student Personnel Services are provided for all students with the purpose of helping each student get the most out of his school experience. These services include the areas of health, guidance, speech and special education. Through these services, Guidance tries to help each student achieve self direction and self realization through personal, educational and vocational counseling, individual and group testing, educational and career program planning and placement.

The Student Personnel Services department extend their congratulations to the class of 1975 for their outstanding excellence in academic achievement, leadership and service to the school.

The Manchester High School Band completed another active year. The Pep Band performed at all the home football games, as well as several pep rallies. The Concert Band presented a Christmas Concert, and ended the school year with a Spring Concert.

The Band also furnished a pit orchestra for the production of PAJAMA GAME, and participated in the Graduation Ceremony.

The All-School Chorus has maintained its steady progress with the welcome addition of more boys. The Chorus performed in several concerts and furnished special music for graduation.

The Stage Band is thriving in its second year and the members are developing a real mastery of the varied jazz and rock styles.

The Cross-Country Ski Club is in its first year here at Manchester High School. It has given its student members a chance to discover and enjoy the fast-growing sport of Nordic Skiing. After several introductory meetings the club took part in the Cross-Country Ski School sponsored by The Appalachian Mountain Club at Pinknam Notch, New Hampshire. Future plans include possible expansion into other outdoor activities, such as; backpacking, mountain climbing, and canoeing.

In its third year of competition, the debate squad has become a team to be reckoned with. This year has been impressive in many respects. The size of the squad has grown from twenty-four to thirty-four debaters. A large part of the team's successes can be credited to these up and coming novices. This year's agenda included overnight varsity debates at Barrington, R.I., and U. Mass. On top of this rigorous schedule of Saturday debates allowed everyone the opportunity to participate. The year climaxed when Manchester sponsored its first tournament debate. Since then it has been all downhill. (ha ha!) A final note: Manchester's Debate Team is a strong, fine group of well-rounded debaters!!

1974-1975 marks the initiation of the official High School Drama Club — "Thespians and Techs." The club has sponsored numerous field trips to theatrical events, and presented two major productions — PICNIC and THE PAJAMA GAME. The officers are: Teresa Doucette, President; Alex Nahatis, Vice-President; Carol Schlaikjer, Treasurer; Mary Noonan, Secretary; and our faculty advisor was the late James G. Kitendaugh; who will have died of a nervous breakdown by the time this is printed. We plan to end our year with a banquet, a "Thespian vs. Techa" softball game and presentation of awards.

Our Math Club is one of thirty-nine throughout the state. Once a month the clubs separate into divisions, and meet for competition. The club is open to all in the tenth, eleventh, or twelfth grades. The purpose of the club is to develop and enhance appreciation and further student interest in mathematics.

Math and E.C.C.

The ECC is a pilot program for New England, designed to engage the talents and enthusiasm of elementary school children in the national effort to conserve energy.

The Manchester ECC worked with the Memorial School fourth, fifth, and sixth graders, to show them how to estimate winter heat losses in their homes, how much they are paying for wasted heat, how much it would cost to install storm windows and insulation, and how long it would take for savings in fuel to pay for the insulation and storm windows.

The Literary Club is comprised of two distinct sections: the book club and the magazine. Both endeavor to search the soul of Man, using different approaches.

The members of the book club attempt to understand the world, through the works of various authors; while working on the magazine, they seek to encourage the growth and development of creativity in the school.

With the dynamic leadership of President Mary Field this year, the Student Council has become a much more vital force in promoting a variety of school activities, and establishing the groundwork for more to come.

We can thank the Council for its work in initiating and continuing involvement in the snack bar, smoking area, Christmas Decorating Contest, Academic Awards Banquet, and the student bookstore, and we look forward to their successful implementation of the "Spring Fest" and plans for opening the Media Center for evening use.

THE APPLE TREE, a three-part musical by Sheldon Harnick and Jerry Bock (of FIDDLER ON THE ROOF fame), was presented as the all-school spring musical March 22 and 23, 1974. The three musical stories are based on "The Diary of Adam and Eve," by Mark Twain, "The Lady or the Tiger?," by Frank R. Stockton, and "Passionella," by Jules Feiffer.

The Manchester production featured a cast of 44, a 14-piece orchestra with special arrangements by Philip N. Darby, Director of Music, and over 40 students working in technical crews behind the scenes.

This year's main fall production was William Inge's Pulitzer Prize-winning play *PICNIC*, a romantic, serious drama about small town life. Co-sponsored by the Senior Class and "Thespians and Techa's," the high school Drama Club, *PICNIC* was presented December 6 and 7.

10th Reunion of the Class of '75

We have all gathered at the NEW Singing Beach Club, built by Filias Realty Trust, whose President is Chuck Filias. Working with Chuck is Loren Coons. The interior of the club was designed by Bill Crocker in Early American. Matt Masiero is the head chef, with Chuck Atwater lending a hand with the culinary chores in the off-season. Chuck is now a major league ball player. Chuck and Marianne are married now, and I guess they had quite the wedding!

In other sports, Preston Young has just returned from Montreal, where he plays left wing for the Canadians. He doesn't play much, but he tries hard. John Cool is also a hockey star for the Providence Industrials. They are an expansion team, that is going downhill fast. Better collect your bonus money now, John. Barry Curran was recently traded from the Celtics to the Knicks. Julie Geary is a member of the Olympic Field Hockey Team. She is also a gym teacher, and is still crusading for girls' sports. Paul Jermain now holds the speedboat record of 41.0 mph as set off Singing Beach. He still hates sailboats. Sharon Mackin is now a featured attraction in the Roller Derby. Surprise! Surprise! Tim Sears has just returned from the P.G.A. Tour, where he is the No. 3 money winner. Scott Fraser is a Ski Bum. Bill Burgess is now competing with Kip Kenyo's son for the World Title in the Pro-Track Association, as well as winning two gold medals and a silver at the "84" Olympics. His coach, Matt Perry, took time out from his duties at the Boston Symphony to be with us. Another Olympic Champion is Melissa Brown, who is at present showing off her gold medal in, what else? Fencing. Weighing in at 248 pounds is Steve Dickman who is a professional wrestler.

In the medical field, Rob Audano is one of the first Acupuncture surgeons in the Continental U.S. Lynne Textoris is now researching a cure for freckles, in her biology career. Shirley George, Mary Hardwick, Nancy Moroney, and Mary Traverso are all nurses, and are now teaching the courses they once took. Laurie McNamara has just been named head of the Psycho-Therapy department at M.I.T. Mary Noonan is now head of Nurses at Mass. General. Anthony Rowley is a gynecologist at Beverly Hospital. Who would have ever thought it!! Sue Moran has just walked in. Sue is now a psychologist, specializing in marriage counseling. On another medical note, Pam Walker is now a veterinarian, and still single, believe it or not. As yet, no one has measured up to her very high standards.

Janet Eckert is now married and living in West Gloucester with Lucinda Franklin as her next door neighbor. John Marshall believes in the NEW marriage system, where his wife has the steady job, and he is home with the kids. He says he has started a book on child care. Maureen Marshall is a mother of three kids, and she owns a singles bar in California. Mary Jenner is now married. What did you say his name was again, Mary? She has a brood of five, with another on the way. Good Luck Mary!

Terri Doucette just sashayed in. She is starring in her eighth Broadway Musical. This one promises to be the best yet. Her exclusive designer is Beth Burbine. Carol Schlaikjer is now lead soprano for the Metropolitan Opera Company. Don Landry's acting ability has paid off with his hit series, "Wild World". . . . A show in which he takes you to all the corners of the Globe, hunting and stalking wild birds. Among his featured guests, have been Scott Lucas, and believe it or not, Betty Jacobs, a nature enthusiast — What kind of nature Betty? Louis Logue is now part owner of the Playboy Club in Boston. With him in this venture are Mike Imbeault and Mike MacEachern. What a life! Barb Bryner is now a translator for the U.N. All that time on the telephone came in handy. Bill Watson is now the head of the New England General Motors. How are car sales this year Bill? Joan Gaunt is an Economic Advisor for the White House. She is still single; however, we've heard that is going to change soon . . .

Lisa Mitchell just walked in with her two associates Tom Arntsen and Mark Piergrossi. They are a famous architectural firm in New York. Speaking of New York, Rose Bryan-Brown and Paula Filias are the fashion buyers for Lord & Taylor. Mary Field is managing editor of the New York Times, and is an aspiring young politician. Sue Donelan is really into journalism, combined with photography. We've heard she's doing a special article on Women's Prison Life in Bridgewater State. Jean O'Neil is now Financial consultant for Sac's Fifth Avenue in New York. Rick Doucette is now a syndicated cartoonist, working out of Chicago. His No. 1 cartoon is "The Many Adventures of the Weed." Take it as you wish. Anne Gero is living it up in New York as a Layout Photographer for Ecology Today — a magazine which explores the many facets of nature. Mark McDuff has just published his fifth science-fiction book. It hasn't made the best-seller list yet, but we're all hoping for him. Terry Hannigan is now a model for Today's World Magazine. Kathy Preston is still having trouble with her shorthand. She is Dean of Women at Baypath.

We have several travellers in our midst. Mark Ring has just returned from Alaska where he was fishing for exotic and rare fish. Accompanying him was Scott Stevens. They are just inseparable. Gretchen Strenz couldn't be with us. She is at present traveling around the country with Doug Tataronis conducting C.S.S.M. Bible Study classes. Robert Wilson is taking time off from his assignment in West Africa, lighting up the country with his new invention — the automatic lightwave. Nicola Larsen has just returned from Greece, where she has spent the past 2 years. Brett Rumpf and Coles Sibley are now scouting for the Boston Red Sox, who are still in the cellar, by the way. Anne Dalton has just flown in from England, where she has been working in the American Embassy. We've heard that she has been seen in Buckingham Palace, frequently.

Here in Town, Cindy Adams is a bookkeeper for Peggy's. Jim Congdon is maitre d' at the Surf. Pat Digby is now a cop on the Manchester Force. Doug Emery now owns Bailey's Service Station, and has made an addition of another pump — No gas shortage now; especially with gas up to \$2.50 a gallon. Cindy Grimes runs a Nursery School System. One is here in Town, and three more are across the North Shore. Wendy Howarth is now head Librarian in the Town Library. Rick Latons is still living in Manchester, building high rise apartments. He ran out of space last year, and has begun building upwards. Linda Lee is now the No. 1 secretary at Wetterlow's which her brother now owns. Let's keep it all in the family. Sue Parkhurst now has a chain of Exxon Stations all over the country. You've come a long way Baby! Mike Salveson is finally working, and you guessed it, at Richdales! Teri Tosi has just completed restoration of the 1661 Cemetery. She is now Cemetery Commissioner. Good Choice! Bruce Cooke is now a Boy Scout leader, taking Uncle Donny's place. He has just conducted a camp-out to Outer Mongolia. Cindy Thompson is now the Tennis Pro at Manchester Tennis Club, and is still taking care of her many nephews. Rick Lloyd has set up a sports shop. He is the principal supplier for the Hornets. Lynne Bell has now opened a Cosmopolitan Beauty Spa.

In the old Alma mater, Chris Cobb is the new "Coach" of M.H.S. Believe it or not they won the State Championship last year under his direction. WOW! David Fitzgerald is now TEACHING Driver Ed., after Mr. K's breakdown. Another teacher, believe it or not, is Scott Stoner. He teaches Jr. High Math. Lisa Maroney is the No. 2 Business teacher. No 1 is, you guessed it, Mrs. Kostopoulos. Mary-Jeanne Perry is still working on her Bachelors Degree from Salem State.

Mike Ciraso has just flown in on his private 747 jumbo jet. He has recently surpassed McDonald's hamburgers with 30 billion dollars. And here comes Lian "Fly Me".

Hodgdon. Coffee, Tea, or . . . Lian? Katy Wogan has just come in. She is now general manager of Myopia. It's still there! Mark Bachery has just returned from the Supreme Court, where he won the custody of the Sunnyside Cafe. Winning his case for him, was Diane Wrobel, the famous Washington lawyer. Phil Stirgwolt has just popped in. He is now the President of Taylro Yearbook Company. He has just returned from his Naval experience, where he commanded the Titanic II. Cory Chambers is just coming in now, chasing Bill French, who is in one of his Turbo-Engine cars. Bill has won the Indy 500 for the past 5 years. Cory is now a State Trooper. Former Class President, Lauren Zeltzer, is just getting up to make ANOTHER speech. By the way, rumor has it that Lauren is now on the F.B.I.'s Ten most wanted list. As we toast to the Future, Peter Brown, the man of the past, certainly never present, arrives. He has yet to pick up his diploma, as he was late for graduation. We brought it with us, just in case he wanted it.

Well, see you in the year 2000, at our 25th Re-Union!?

L to R: Secretary, Cindy Grimes; President, Lauren Zeltzer; Vice President, Peter Brown; Treasury, Laurie McNamara.

SPORT

THE
JOCKS

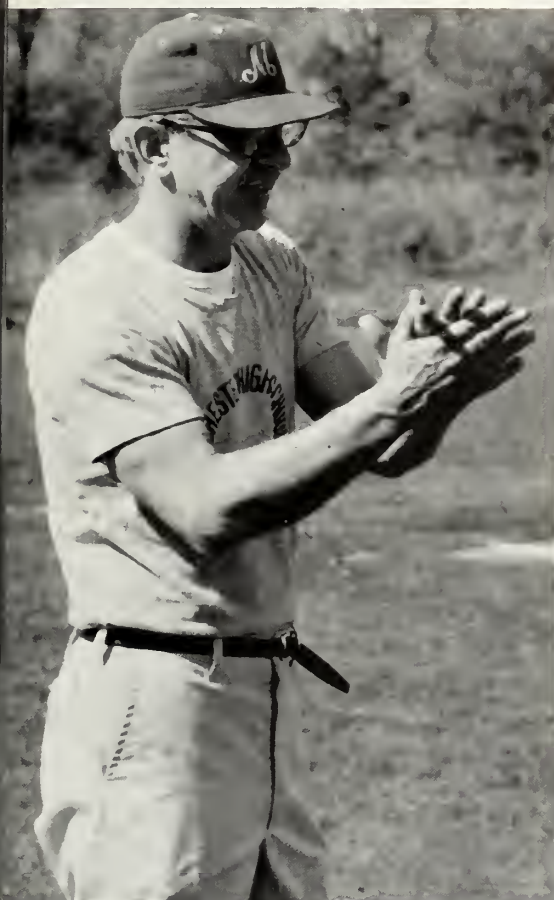

Baseball

Although the 1974 version of the Hornet Baseball team was comprised of veterans, the club was still in a developmental stage. Every regular ball player with the exception of one will return in 1975.

Great advances beyond the level of play in 1973 were made in 1974. The team batting average was lifted 50 points, due in a large part to Chuck Atwater's league leading .579, and Bill Burgess' .320 mark. From the middle of the season on, the team was in every ball game. Two very well played games against league champion Ipswich, and tournament-bound North Andover, were lost by two runs and one run, respectively. These were games in which the Hornets led for most of the early innings. The team capped the season with decisive victories over Rockport and Triton.

With a completely experienced nine returning for 1975, Hornet baseball fans can look forward to a successful season, especially if the pitching improves.

Tennis

The spring of 1974 welcomed another program to girls' sports at Manchester High. With the support of Mr. Hyland, and the spirit and the enthusiasm of the girls, a tennis program was initiated for inter-scholastic competition.

Immediately, the girls were successful. Coached by Mr. William Burt, the girls roared through their first six matches, attaining a 6-0 record, and a commanding lead in the Cape Ann League. Their seventh match was a heartbreaker. They lost a close match to Pentucket, but finished the tennis season with five final victories, compiling a first season record with 11 wins — 1 loss. Along with this record, the girls were tied for first place with Pentucket in the C.A.L. The playoff was played June 10th, 1974, and it was a thriller. In the nemesis match, the Manchester girls proved their ability and talent over Pentucket and claimed their title as Girls' Tennis Champions of the Cape Ann League.

Tennis at Manchester reigned supreme in 1974, and the success of this first team is a sure indication of the success ahead for the girls in the future. Good luck to them.

Seniors

Football

Manchester finished one of its finest seasons in many years with a 7-3 record. This record includes big wins over Martha's Vineyard, Nantucket, and an impressive 7-6 victory over archrival Georgetown.

Head Coach Ira Yavner said "It was a pleasant surprise for myself and my fellow coaches. We feel that a superior attitude and excellent senior tri-captains: Loren Coons, Matt Masiero and Chuck Atwater provided the necessary stimulus. What might have been a mediocre season turned out to be an exceptional one."

Individually there were a number of standouts. Bill Bernson, tailback had a super-productive season, gaining over 1000 yards. His return next year is looked for with great anticipation.

Senior Loren Coons excelled as a bruising blocking back, as well as gaining over 400 yards, and filling in capably at quarterback for the injured Gabe Bernson.

Gabe had completed 33 out of 61 passes for a total of 395 yards before being injured against Tyngsboro in the sixth game of the season. This is great work for any quarterback, but for a sophomore quarterback it's outstanding. Much is expected of Gabe over the next two seasons.

Manchester's super defense was rated to be one of the finest in the state. It allowed a mere 7.8 points per game.

This defense was led by senior tri-captain Matt Masiero, at middle linebacker. Matt was consistently superb accounting for a great many unassisted tackles, while assisting at many others. He

will be sorely missed and difficult to replace.

Sherman Burnham was a tower of strength at defensive end. Many is the quarterback who felt the wrath of Sherm's dogged pursuit.

Mark Bachry, going both ways at end had a spectacular season and wound up the recipient of the "Most Improved Player" award by the coaches.

Next year looks highly promising for football, and the departing senior members of the team deserve a pat on the back for putting Manchester football "back on the map."

Football Rally

On Friday evening, November 15, 1974, the finest Football Rally in the history of M.H.S. took place. The stands were full of screaming students and parents.

To begin the evening, the Senior football players, changed roles with the cheerleaders; and in skirts and sweaters, performed two cheers with the same degree of excellence that they beat Georgetown the following day.

The Cheerleaders in turn took to their football uniforms and ran the best "sweep right" Coach Yavner has seen in two years.

All in all the evening was a great success and definitely psyched the squad and the fans for the "Big Game" the next afternoon.

Varsity Field Hockey

The High School girls Field Hockey team enjoyed a fine season. The Varsity, led by Co-Captain Julie Geary, had a record of six wins, four losses, and two ties. Miss Francis Stazzulla did a great coaching job, and the girls responded with fine play. Two of the four losses were by a two to one score.

Playing a full schedule, the J.V. Field Hockey team, under the direction of Coach Diane Coons, had their best season ever, losing only one game to Lynnfield, in the middle of the season.

Great team spirit and comradeship prevailed on the squad this past season, and every J.V. player who attended practice regularly, participated in every game.

Varsity Boys Basketball

This season was the most successful for the Hornets in the past seven years. M.H.S. posted a 9-12 record.

The Hornets came into their own the last half of the season, winning seven of their last ten games.

Paced by Seniors Co-Cpts. Chuck Falias and Chuck Atwater, Billy Burgess, Barry Curran, Scott Lucas, Dave Fitzgerald, and Rick Lloyd, Manchester's success can be attributed to the hard work done by many individuals on their own time in the off season.

With a positive attitude, and the help of the Junior Varsity, Manchester hopes to have a winning season next year for Coach Nalley.

The J.V. Basketball squad completed their 1974-75 season with an impressive 14-7 record.

In the last week of the season, victories over Triton and Ipswich created a possible Eastern Division Championship if a victory over Hamilton followed. However, an eight point loss to Hamilton ended all hopes.

Overall it has been a very productive year for future teams.

Freshman Basketball

The 1974-75 Freshman Basketball Team ended its season with a 9-8 won-lost record in Cape Ann League competition. The spirited squad depended on its defensive aggressiveness and good shooting to overcome the height disadvantage it often faced. Two overtime losses, and a loss resulting from a successful last second desperation shot by the opposition, reflect the excitement of the year's competition.

The hard working young gentlemen on the team possess a reservoir of talent for Manchester's basketball future and show the promise necessary for success.

This year's Girls' Basketball Team has much to be proud of. Although their record was on the losing side, all they lacked was experience. It was a very young and spirited team. Each ballplayer had a fine attitude, desire and teamwork. The future looks very good for an up-coming winning season. This team received the CAPE ANN LEAGUE SPORTSMANSHIP AWARD, voted by all the players in the league. A great feat indeed!

Fencing

The MHS fencing club practices in the gym every Monday night under the direction of Melissa Brown. They are enjoying the season competing in many novice and interscholastic fencing meets. MHS engaged in a challenge match with Brentwood High School, Long Island, NY at the Academy of Fencing in Watertown. It was a very gratifying experience. Joseph Pechinsky comes about once a month to check their form and proper execution of their moves. A special thanks to him.

Baseball

The 1974 Junior High Baseball team had a successful winning season. The squad showed continual improvement throughout the year as shown by their record of only one loss in their last seven games. The highlight of the season was a great victory over an excellent Hamilton team.

The Freshmen Football team had what must be considered a successful season. With such innovative plays as the "Flea Flicker" and the "Redskin Pass," many an exciting drive was initiated.

Perhaps the high point of the season, was an upset victory over Southeast Regional High. Hard work and perseverance resulted in an altogether satisfying season.

7th Basketball

This year's seventh grade team was the finest in three years. Combining good defense with a spirited offense, the seventh graders compiled a 13-4 record which was good enough for second place in the Cape Ann League, for Jr. high teams.

Although they lacked height, the seventh graders out-hustled the other teams for easy baskets. When the other teams did go on offense they found it difficult to shoot against the fierce defense that we played. For the future . . . "Only good things can happen!"

row 1: R. Silva, J. Kurker, J. Parish, M. Diangelo, B. Hoff, R. Hooper, row 2: J. Masser, J. Berell, D. Cook, A. Bullock, D. Greene, J. Lance, B. Melvin, Coach Milne.

8th Basketball

The Eighth Grade Basketball Team compiled an improved record of 11 wins and 6 losses during the 1974-75 season. Pressure defense and a hard-working, disciplined offense were the key to the success of the team.

Highlights of the season included a come-from-behind upset of Hamilton at their court, and a win against Ipswich also away after our boys had lost to Ipswich at home.

With continued hard work, this year's eighth grade boys hold great promise for future seasons.

row 1: A. Forsley, H. French, C. Brown, D. Forsley, K. Vuteck, C. Somerville, D. Hopkins, row 2: S. Richardson, T. Schanley, J. StClaire, P. Nasser, D. Coons, J. Madden, D. Bell, Coach Averill.

TO THE CLASS OF 1975:

Members of any group who have shared a significant venture usually feel very close to each other, and such is my feeling toward the Class of '75. You and I first came to Manchester Jr.-Sr. High School in September 1969. We shared all the beginner's feelings — you as students, I as Principal: apprehension, anticipation, eagerness.

As seventh graders our school membership was 456, and your class membership was 107. This year our school membership is 636 and we expect close to 107 of you will graduate this June, nearly double the 55 in 1970. But the quality and vitality, far more than size, are the hallmarks of your class. You have the largest number and percentage of Manchester Scholars, and National Honor Society members ever. You have the enviable record of two finalists and five commendations in National Merit Scholarship Competition. Your athletes stayed and provided needed leadership in sports. The cheerleaders from your class displayed a competency, vitality, and beauty that will be hard to match. You have one of six-state-wide winners in the prestigious "Classmates Today — Neighbors Tomorrow" program sponsored by the Jewish War Veterans of the U.S. Your contributions to our debate, drama, and music programs have been outstanding. I believe you will find this yearbook will reflect the excellence of this class. Still I have only cited a few of your individual and class accomplishments.

Personally, your friendship, cooperation, spirit and leadership by example have meant much to me. So has the opportunity to get to know some of you through an American Literature class I taught last year. I believe some of you share my gusto for Gatsby!

For the pleasure I have had in sharing the past six years with you, for all you have done for our school and town, for making us all more ALIVE, my sincere thanks.

KEEP IT GREEN,

Richard C. Howland
